In light of the recent concern regarding COVID-19 (coronavirus) and the announcement released by Ministry of Health, Labor and Welfare on March 9, 2020, we will make the below changes to BEYOND Tomorrow March Orientation Program planned for March 21 – 24, 2020:

- We will cancel all activities planned in Tokyo.
- Part of the activities will be undertaken in such forms as online video meetings and live streaming with smartphones and tablets.
- Activities that can not be substituted with online media will take place in Tokyo in May 2020.

Further details will be communicated directly with the participants.

We apologize to all the supporters for any inconvenience the above changes may cause and express our gratitude for the kind understanding.
